

Custom Cutting - Saves You Time & Money Only Pay for What You Need

CUSTOM CUTTING

We are entering our fourth decade. When founded, Conversource invented **Custom Cutting** service for plate mounting tapes and coupled it with **Same Day Shipping**. Providing industry-leading customer service and support is why Conversource is known as **STICKYBACK HEADQUARTERS™**.

- You specify the exact width you need based on your plates
- We Custom Cut what you want in as many sizes you need
- We Ship Same Day

WHAT'S THE BIG DEAL - CUSTOM CUTTING vs. SLITTING

SLITTING - Many distributors require the purchase of a complete width of each roll of mounting tape & may slit the roll to various sizes. That means you the customer pay for a full 18" roll even if you're printing with 13" plates or 7" & 10".

Or, maybe they sell you a full 54" roll slit to various sizes; even if your plates are 31" or other plate sizes. Slitting leaves you the customer with useless offcuts, excess scrap, longer make-ready times and higher waste-disposal costs.

CUSTOM CUTTING - With Conversource you can order tape that matches the sizes of your plates. Saving you time & money.

PRINTERS' BENEFITS OF OUR CUSTOM CUTTING

- Saves You Money on Purchases
- Frees Up Precious Production Space
 - Streamlines Prepress & Make-Ready Time
 - Eliminates Unused Off-Cuts
 - Reduces Scrap & Waste-Removal Costs
 - IsEco-Friendly

AUTHORIZED DISTRIBUTOR

Conversource is an Authorized Distributor for a full line of mounting tapes from the brands you know and trust.
